

Their Baby Boy Dies.

Chas. Rapp and wife, of Lima have heavy hearts, in the death of their seven months old baby boy, of cholera infantum. Monday night. The remains of the little one were brought home last evening for burial at 3 p.m. to-day from the home of Mrs. Rapp's parents, Mr. and Mrs. E. Shifer, Rev. Roe officiating. The parents have the sympathy of all in a sorrow that is very hard to bear.—*Lima Republican*.

Attention, G. A. R.

And all old soldiers. You are requested to meet at G. A. R. Hall, Wednesday, Aug. 8th, at one o'clock to take part in the Flag Presentation to the Allen County Children's Home. Let us teach the children to love the old flag which cost us so much to preserve. Also decorate your homes and places of business by hanging out your flags. Services at Hoover's Grove.

H. G. Clegg,
& Adjutant Mart Armstrong Post.

LOCAL TIME CARDS.

Standard Time.

O. D. & D.		ARRIVE.		LEAVE.

BACK TO STAY!

MICHAEL

Has returned, and will be pleased to welcome his friends and customers at the old stand.

OPERA HOUSE BLOCK.

Not Often Are Such Values Seen

As we offer this week in nearly every department. We begin to invoice next Monday, and before then we are determined to close out whatever low prices will sell.

Extraordinary Reductions Prevail!

You would do well to see the many specials without delay.

Feldmann & Co.
21 MAIN ST.

The Lima Times-Democrat

THE TIMES-DEMOCRAT PUBLISHING CO.
COURTROOM, 23 NORTH MAIN ST.
TELEPHONE CALL, NO. 54.

TALES OF THE TOWN.

The Burnet House is being equipped with electric light throughout.

A large number of Lima people left on the C. H. & D. Niagara Falls excursion this afternoon.

John McVey has removed his plumbing shop from the Metropolitan block to 123 East High street.

A train of excursionists for Niagara Falls was brought in over the Ohio Southern to-day and transferred to the C. H. & D.

Born—yesterday afternoon to Mr. and Mrs. George Shadie, of St. Johns, a pair of twins. They are four and weigh six pounds each.

John Lamberton, who has been dangerously ill for several weeks has improved enough to be out and has resumed work on the city books.

Sheriff Fisher went to Dayton this morning and placed George Johnson, the Marion township harness thief, in the work house to serve thirty days.

Mr. Chas. Constant, of Indianapolis, Ind., and one of the most prominent clothing salesmen in the Hoosier capitol, has taken a position with Michael in his Opera House.

The Bancroft Company, Auditorium Building, Chicago, have issued part thirteen of the superb publication illustrative of the Chicago Exposition. This company are engaged in a work of more than passing notice. It is the reproduction in book form, in the highest style of art, of the entire Exposition. In The Book of the FAIR, as the work is called, the great panorama will move from the past to the present in logical and historical order. The reader will observe how the foundation upon which previous fairs were built gradually broadened, and like some magical plant he will see the unfolding of the ideas which are at the base of the Columbian Exposition. Having introduced this latest and greatest of the world's fairs, the book will trace its evolution in all details, will show how it was built, and who were its chief founders, and then picture it not only in its general but in its spe-

cial features. In the evolution of the broad foundation upon which the Fair is established, in the creation of the gorgeous and the bewilderment spectacle which is now before us, the pencil of the artist and the pen of the author will be complementary, each assisting the other.

WILL GET EVEN.

Discharged Strikers at Ft. Wayne will retaliate.

Some of the discharged strikers on the P. F. W. & C. and Nickel Plate lines at Ft. Wayne declared that they would file affidavit against all the men employed on these road who work on Sunday. The strikers allege they have the names of all the men who will probably work next Sunday, and that they will be arrested on Monday morning for Sabbath desecration. It is said the threat will positively be carried out.

Ft. Wayne is very puritanical on Sabbath working under the new municipal administration.

AN OLD WILL.

Unearthed in the Probate Judge's Office.

To-day the will of Margaret Stull, who died a few days ago, was found in the Probate Judge's office, where it was deposited in 1876. The witnesses to the document were Alf B. and Carl, now a resident of Illinois, and J. N. Gutherford deceased.

There is a will which permits the deposit of wills with the Probate Court, and being sealed, which was done in this case, application for its opening having been made to-day.

Nearsight.

Is a disease of the eyeball, frequently the result of reading by a poor light or a bad position. Once established it is liable to grow worse unless properly corrected by glasses; for which consult W. B. Van Note, optician at Hale's Jewelry store. Consultation free.

At Johnson's Swim.

A toboggan ride with each 25c swim. Five cents bus leaves Lima and Burnd. Houses every half hour. En route to Johnson's swim at foot of McElroy street.

SERIOUS

Results Come from a Burn Inflicted by a Match.
Mrs. Charles Ashton Suffering from Case of Look Jaw.

Several days ago Mrs. Chas. Ashton of North Turner street, arose in the morning, and as she had slept a trifle later than usual, concluded to start a fire in the cook stove before she put her shoes on.

In striking a match the brimstone head came off just as it ignited and landed from the first and second, too on her left foot, inflicting a severe burn before she succeeded in shaking it off.

Though the burn was quite painful she paid little attention to it at the time and the foot by evening had become terribly swollen and she suffered intense pain.

Night before last her suffering became so intense that Dr. Hiner was summoned but by the time the latter arrived she was taken with the look jaw. Since that time she has had to be kept under the influence of chloral.

Her condition last evening was alarming. To-day, however, she was somewhat improved, and the physician hopes to be able to save her life, but that is by no means certain.

FALSE ALARM.

Fire Alarm Box Thirty-One Tampered with Last Night.

Shortly before last midnight an alarm came into the Central fire station from box 31 at the corner of Pine and North streets. The department turned out but upon arriving at the box found no one there and no fire.

Some miscreant had broken the glass and sent in an alarm merely to see the department turn out. About twenty days in the Dayton workhouse would be good punishment for such a person if captured.

ABOUT PEOPLE.

Who They Are, Where They Have Been and are Going.

C. S. King left for Niagara Falls this afternoon.

Miss Maude Scott has returned to Kenton after a visit here.

Miss Minnie Crossley left this afternoon for Niagara Falls.

Louis Kepler is enjoying a visit from his father from Anna station.

Rev. J. Clark, of Van Wert, was the guest to-day of Rev. L. A. Brady.

Attorney Hugh Mathers, of the Ohio Southern, was in the city last evening.

Mrs. Pauline Bremley, of Columbus Grove, is the guest of Miss Clara Kell, of North Pierce street.

Misses Lillie and Nettie Ray, of Delphos, have returned home after a short visit with Lima friends.

Mrs. T. M. Johnson and daughter Inga, will leave to-night for New York City to spend a few weeks.

Wm. Strifl and family, of East Kirby street, will leave to-night for Olean, N. Y., on a two weeks visit.

Miss Rose Gordon, of North Union street, left to-day for Lake Chatauqua to spend the balance of the summer.

Mrs. M. E. Williams and Mrs. Sharp will leave today for a visit with friends at Buffalo and Niagara Falls.

Mrs. J. H. Hinton and daughter Grace left this afternoon for Rochester, N. Y., to visit Rev. W. L. Hinton and wife.

Mrs. Frank Sheeley and children, of Upper Sandusky, are the guests of West North street.

Mr. and Mrs. Noah McCumb, of Warsaw, Ind., were in the city yesterday the guests of his brother, Mr. John McCumb, and family, of North Pine street. They left this morning for Columbus Grove, where they will be.

WON BY REID.

The College Bill Gun Club Badge Changes Hards.

The regular weekly shoot of the College Bill Gun club took place on their grounds in West Lima yesterday afternoon. The day was a bad one for making good scores, as there was a strong head wind at the time, and was one of the worst days the club has had for a long time.

The principal shoot was for the club badge, which was won by Enginner Charles Reid, of the C. H. & D. The shooting was out of a possible twenty and the following score was made:

Gilbert, 13; Wallace, 14; Hall, 12; Reid, 17; Bell, 13; Jangle, 16; Eliott, 15; Lewis, 14, and Rockinson, 15.

Was Four Years Old.

To persons wanting water wells drilled: I am fully prepared for all kinds of water well drilling, with 28 years of experience. I solicit your patronage. Call at No. 122 E. North street, or at Elk restaurant.

Thos. McElroy.

An Ugly Wound.

While washing a window at the Taylor House bar yesterday afternoon, Jack Finn, the bartender, lost his equilibrium and in trying to save himself caught his right wrist on a hook making a bad wound.

Awarded

Highest Honors—World's Fair.

ROUND ABOUT.

Water in the St. Marys reservoir is two feet lower than was ever before known and the fish houses are 200 feet from the water's edge, 4,000 acres of what was the reservoir being now dry and strewn with dead fish.

The *Scientific American* in its last issue contained the following article in regard to the durability of brick streets in Philadelphia. The article is the report of James H. Windfuhr, director of public works of Philadelphia for 1893, and his statement is in line with what the *Times-Democrat* has claimed since the matter of paving has been agitated. The report says:

"The streets repaved with vitrified bricks have been subjected to the wear of ordinary business travel, have not lasted five years; there are bricks in these streets disintegrated and gone, while others are in a fair condition to withstand longer wear.

If all had shown the same endurance, bricks as a material for street paving would be in greater favor. The maker knows the quality of his bricks. Those from the portion of the kiln that are 'firsts' should be sold as such, after selection by the maker. The buyer or inspector cannot always know the grade of bricks by their looks, and as long as bricks are put on the market without selection to guarantee uniformity in their quality there will be distrust and their general use for street paving will be delayed."

F. J. Ranta removed into his hands new residence on West Market street to-day.

Deputy County Clerk Bob Tolson was out gunning last night for the fellow who changed the wheels of his phaeton yesterday afternoon. Bob drove out to Johnson's to take a swim after the shower, and leaving the horse and phaeton hitched up on the hill, went into the water. While he was thus engaged several of the boys slipped out and one of them having a wrench, they took off all the wheels. The small ones belonging in front they put on the rear axle and the high wheels on the forward axle. They tightened them up and came up town and left Bob to take care of himself. Bob enjoyed the joke as much as anyone until he discovered that he did not have a wrench along. He scoured the neighborhood for one but in vain, and there was nothing to do but drive up town to the nearest blacksmith shop and have the wheels changed. The vehicle was a frightful looking thing. Being built for low wheels in front, the rear wheels raised that part of the phaeton to an angle of about 45 degrees, making an ungainly sight. Bob mounted the seat and drove up town, the attention of everybody along the street being attracted by the hump backed vehicle.

Bob is not saying much over the affair for he hasn't cooled off enough yet to talk on the subject, but he certainly took to the subject with the thought that revenge is sweet.

Secretary Muñoz read the following bills received on coal per ton:

F. W. Millerhour, Lima, \$3.00; W. M. Pugh, Lima, \$2.74; Boone & Porter Oil Co., Lima, \$2.49; H. C. Naylor, Lima, \$2.55; Theo. May, Lima, delivered to South Pine street, South Elizabeth street and east buildings, \$2.40; John Thomas, Lima, \$2.26; G. M. McCullough, Lima, \$2.22; Superior Coal Co., Jackson, O., \$2.15; W. L. Watt, Lima, \$2.14.

Mr. Watt's bid being the lowest of the ten, the board decided that his bid would be accepted and the contract for next winter's fuel awarded him, providing fuel gas can not be used as cheaply.

On motion the chair appointed a committee to confer with the Natural Gas Company to ascertain what fuel gas for the buildings can be furnished for.

On motion board adjourned.

CHAS. TREMANTS ARRAIGNED.

Ho Pleaded Not Guilty to the Charge of Assault.

Clas. Tremmons, one of the two young fellows arrested day before yesterday for assaulting and robbing a mail carrier, was arraigned before Mayor Smiley this morning on a charge of assault and battery.

The principal shoot was for the club badge, which was won by Enginner Charles Reid, of the C. H. & D. The shooting was out of a possible twenty and the following score was made:

Gilbert, 13; Wallace, 14; Hall, 12; Reid, 17; Bell, 13; Jangle, 16; Eliott, 15; Lewis, 14, and Rockinson, 15.

Was Four Years Old.

Yesterday a crowd of little maidens gathered at the Hammond park to celebrate with Anna, daughter of Mr. and Mrs. T. M. Johnson, her fourth birthday anniversary. The afternoon was spent in play until 5 o'clock, when a dunty lunch was served, after which the little girls departed for their homes, wishing Miss Anna many more such anniversaries.

Pure Hungarian Blackberry Juice for medicinal purposes, at the California Wine Co., 135 South Main street.

Try California Angelica Wine. Sold at the California Wine Co., 135 South Main street.

Try California Muscatel Sweet Grape Wine. Sold at the California Wine Co., 135 South Main street.

Fine Old California Wine. Sour Wine at 25c a quart bottle at the California Wine Company, 135 S. Main.

BRICK PAVEMENTS

Are Not Standing the Wear in Philadelphia.

Streets Repaved With Vitrified Brick Not Holding up Under Ordinary Wear.

The *Scientific American* in its last issue contained the following article in regard to the durability of brick streets in Philadelphia. The article is the report of James H. Windfuhr, director of public works of Philadelphia for 1893, and his statement is in line with what the *Times-Democrat* has claimed since the matter of paving has been agitated. The report says:

"The streets repaved with vitrified bricks have been subjected to the wear of ordinary business travel, have not lasted five years; there are bricks in these streets disintegrated and gone, while others are in a fair condition to withstand longer wear.

If all had shown the same endurance, bricks as a material for street paving would be in greater favor. The maker knows the quality of his bricks. Those from the portion of the kiln that are 'firsts' should be sold as such, after selection by the maker. The buyer or inspector cannot always know the grade of bricks by their looks, and as long as bricks are put on the market without selection to guarantee uniformity in their quality there will be distrust and their general use for street paving will be delayed."
